

GOSHEN FIRE COMPANY

1320 Park Avenue • West Chester, Pennsylvania 19380

Hiring Announcement

The Goshen Fire Company is looking for highly qualified candidates for the senior leadership role of **Deputy Chief of EMS**. The Fire Company operates a busy (5,000 plus annual calls) BLS EMS program in a large suburban area. Interested candidates must have operational, administrative and leadership experience in a similar or larger program, with a focus on clinical excellence.

The Deputy Chief of EMS directs field operations and coordinates emergency medical personnel and resources to assure the provision of high-performance emergency medical services throughout the Fire Company response district and surrounding mutual aid areas. The Deputy Chief of EMS manages and coordinates interagency control at the scene of a major disaster and coordinates actions of all EMS first responders. Additionally, the Deputy Chief EMS maintains electronic patient care reports (ePCR), monitors and maintains resource allocation, protocols and policies, performs internal/external conflict resolution and administrative, technical and supervisory duties, organizes, delivers, and tracks required professional development for EMS providers.

Operational Goal: To improve the quality, efficiency, reliability, customer satisfaction and ultimately the patient experience of EMS Operations by the following methods:

- Develop, implement and maintain a high-performance EMS system that exceeds the expectations of our customers at the operational level.
- Ensuring EMS operations meets or exceeds the standards specific to the Pennsylvania Department of Health and the Chester County EMS Council.
- Manages the volunteer EMS staff to promote development, engagement and participation.
